

Build your next chapter in product design

Practical feedback, a clear direction, and space to grow.

With Maya Patel

3 months · 1 session per week · Intermediate · English

About this plan

Work with an experienced mentor to build a clear direction, improve your portfolio, and prepare for your next opportunity.

Who this is for

- Designers looking for their next opportunity

What you'll learn

- Shape a compelling portfolio
- Explain your design decisions

What's included

- Twelve expert-led sessions
- Practical portfolio feedback

Prerequisites

Some experience with product design

Prepared on 30 September 2026. For the latest prices, session dates and booking information, visit the plan page.

Your roadmap

Month 1

1. Find your direction · 1h

Review a real project with your mentor. Identify the decisions that made a difference, write a clear case study, and practise presenting your work with confidence. Learn to explain tradeoffs and make a thoughtful next step.

- Leave with an actionable next step

2. Shape a compelling portfolio · 1h

Review a real project with your mentor. Identify the decisions that made a difference, write a clear case study, and practise presenting your work with confidence. Learn to explain tradeoffs and make a thoughtful next step.

- Leave with an actionable next step

3. Explain your design decisions · 1h

Review a real project with your mentor. Identify the decisions that made a difference, write a clear case study, and practise presenting your work with confidence. Learn to explain tradeoffs and make a thoughtful next step.

- Leave with an actionable next step

4. Find your direction · 1h

Review a real project with your mentor. Identify the decisions that made a difference, write a clear case study, and practise presenting your work with confidence. Learn to explain tradeoffs and make a thoughtful next step.

- Leave with an actionable next step

Month 2
